MAKING PETS AND PEOPLE HAPPY

COLLAR MAKING PETS AND PEOPLE HAPPY

Making pets and people happy

The history of COLLAR company has begun in 1995. Today, it is a world-renowned pet products manufacturer with more than 500 employees. It all started 28 years ago, when the company's founder, Yuriy Sinitsa, designed a leather collar for his own dog.

Over a quarter of a century, a team of 3 people who worked in a two-room apartment and manufactured a couple of products a day has turned to a large modern company that produces hundreds of thousands of products on a regular basis.

We are present in more than 70 countries, and this geography is constantly expanding.

In the spirit of our motto, INNOVATIONS ONLY, we have launched unique products: the most durable leash EVOLUTOR, the lightest jacket AiryVest, LED light for marine and freshwater aquariums AquaLighter, the quietest and smallest aquarium compressor aPUMP, wooden cat litter SuperCat and many more.

The constant desire to move forward and strive to produce high-quality products led to the designing of new range of premium pet accessories – WAUDOG Design, WAUDOG Nylon and WAUDOG Re-cotton.

PULLER, unique fitness tool for dogs, is gaining more and more popularity, leading to appearance of a new sport, DOG PULLER.

COLLAR Company has more than 20 international patents in different countries of the world.

During 2023, COLLAR Company produced many new products. The main ones are the Waudog R-leash retractable leash with a built-in container for waste bags, the upgraded APump USB compressor, which can work for over a day using a power bank, the Waudog Nylon accessories line which strap is made from recycled plastic bottles, and the SuperCat clumping corn filler.

The rapid growth of the popularity of our products is also facilitated by partnerships with such companies as NASA and Warner Bros., whose visual identity and heroes are used in the licensed designs of our products and have a steady demand in Europe, Asia and America.

ORDER CONVENIENTLY!

We strive to make the purchasing process as comfortable and efficient as possible, so we offer a clear and easy-to-use interface for ordering:

1. CHOOSE

Choose the products that meet your precise preferences and needs.

2. SCAN

Scan the QR code at the top of the page to view the full range of products in the selected category.

3. ORDER

Order whatever you like, in just a few clicks and around the clock, on our B2B portal.

NEW

WAUDOG Nylon Recycled

Collars, leashes, and harnesses with a bright "Gradient" design, made from recycled polyester, known in the international community as rPET. This material is produced by recycling plastic bottles. Such production requires much fewer resources than manufacturing new fibers, creates fewer CO_2 emissions, and also helps reduce the amount of waste in landfills. Accessories made from recycled plastic is not only a reliable and safe choice for dogs but also a great option for environmentally conscious consumers.

International awards

Pet Business 2023 INDUSTRY ACHIEVEMENT AWARDS WINNER

Pet Business 2023, USA

- Strip made from recycled plastic bottles
- Hardware with wear-resistant titanium coating
- ID tag
- Lifetime warranty on hardware

WAUDOG Nylon harness with handle

The main feature of this harness is that it can be quickly removed and put on. This makes it comfortable for the owner to use and for the dog to wear. After a one-time fit, it can be easily put on and removed over a head and fastened with one movement. The soft lining reduces the pressure on the dog's chest, and reflective elements make walks at night safer. The handle allows pet parent to hold his pet when needed, which is very convenient for using public transport.

WAUDOG Nylon anatomical harness

Perfect fit and maximum comfort due to the special H-shape. The harness is designed in such a way that when the leash is pulled, the animal's airways are not squeezed. It has 2 D-rings for the leash (upper and lower), which allows you to distribute physical load on a dog's musculoskeletal system.

WAUDOG Nylon muzzle

WAUDOG Nylon muzzle is made of breathable elastic fabric. It allows the animal to feel comfortable even when wearing the product for a long time.Thanks to the bright designs that have already become the hallmark of WAUDOG, the muzzle is perfectly combined with the brand's pet accessories and apparel. We also kept our main criterion, functionality, in mind. Durable straps made of wear-resistant nylon and plastic fastex ensure the reliability and safety of the product.

New WAUDOG Waterproof reflective series!

WAUDOG Waterproof series is made of innovative material COLLARTEX, which was developed by COLLAR Company. The main benefits of this material are strength, softness and resistance to moisture. The band has abrasion-resistant reflective strip in the center. The range is available in 2 colors. Due to the combination of COLLARTEX with high-quality and stylish hardware, these pet accessories can withstand a load up to 300 kg.

COLLARTEX

Innovative combined material developed by COLLAR Company. It consists of inner reinforcing layer, which bears the main load, and outer polymer shell that is pleasant to the touch. Despite the unprecedented durability, the material is very light, which allows you to significantly reduce the weight of pet accessories and make it more convenient to use.

Benefits:

- Reflective strip increases the visibility of the dog in the dark more than 10 times
- Smart ID tag with QR passport
- Resistant to water and dirt

Accessories WAUDOG PRO

WAUDOG PRO collars and muzzles are specifically designed for service dogs. Shades of khaki, durable materials, tactical hardware, absence of visibility-enhancing elements, interchangeable patches - all of this makes the products optimal for the use of service dogs in their working conditions.

Benefits:

- Well-thought-out design developed with the participation of experts
- Durable and comfortable materials
- Lifetime warranty on hardware

Stylish and comfortable harness AiryVest ONE is ideal for small dog breeds.

Benefits of the AiryVest ONE harness:

- Soft and lightweight, and at the same time durable and ergonomic
- It does not hamper the pet's movement and provides a uniform load.
- Reflective elements on the back make a dog visible in the dark
- Innovative non-cling Velcro fastener that makes dressing and undressing processes absolutely painless for the animal.

Reflective elements

WAUDOG Smart ID — with care for pets!

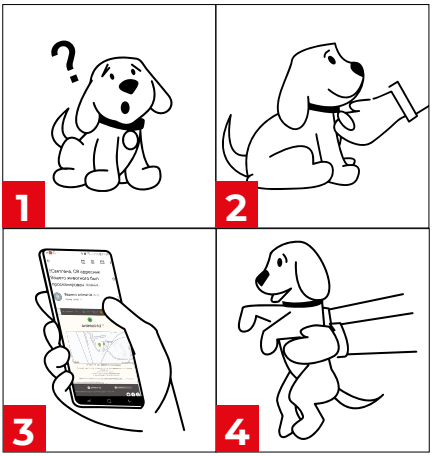
These are stylish address tags with QR passport and colorful patterns.

Register your dog's ID tag on the animal-id.net or in the WAUDOG Smart ID app.

Available on the App Store

GET IT ON Google Play

How does WAUDOG Smart ID with QR passport work?



1. The dog is lost.
2. Another person finds the dog with WAUDOG Smart ID tag and scans QR-code.
3. A person will be able to find out:
   - information about the pet;
   - contact information of the owner.
4. The owner will be able to receive:
   - mail with geolocation of the scanning location;
   - direct phone call.

WAUDOG Smart ID with QR passport is a range of smart ID tags for pets

Benefits:

- Fast sales! Impersonalized ID tag does not take much time for additional processing of the order and is always available at the point of sale.
- Exclusive designs.
- Officially licensed Warner Bros. and NASA designs
- After scanning QR-code, you will get information about the pet and its owner.
- The possibility of creating QR passport in the international pet database animalid.net through the WAUDOG Smart ID mobile app.
- Silicone silencer protects tag edges and makes it silent.

Features:

Size of round-shaped tag: Ø 25 mm, Ø 30 mm
Size of bone-shaped tag: 40x28 mm
Material: steel Protective cover: silicone silencer
Weight: 6 g

Collar.com

COLLAR Company introduces a revolutionary product that will change the way you think about dog accessories — **THE MOST DURABLE EVOLUTOR COLLARS & LEASHES** with Global Lifetime Warranty!*

EVOLUTOR — innovation in every detail!

Innovative hardware

- Hook buckle on the collar can be put on and taken off in one movement
- The buckle has a spot for laser engraving
- Aerospace aluminum alloy withstands a load up to 500 kg / 1100lbs

Innovative material COLLARTEX

- Inner reinforcing layer can withstand a load up to 500 kg / 1100lbs
- Pleasant to the touch cover is waterrepellent and is easy to wash

Innovative details

- Pet accessories are stitched with Kevlar thread to eliminate weak points of the design and to increase the service life.

*We are confident in the unprecedented durability of our product. Contact us if you face any functionality issues with a leash, and we will replace it FOR FREE.

0 800 300-104 – toll free
man_quality@collar.com
collar.com

COLLARTEX

Innovative combined material developed by COLLAR Company. It consists of inner reinforcing layer, which bears the main load, and outer polymer shell that is pleasant to the touch. Despite the unprecedented durability, the material is very light, which allows you to significantly reduce the weight of pet accessories and make it more convenient to use.

Maximum load

EVOLUTOR dog collar, adjustable

Collar for dogs "CoLLaR Canvas"

Adjustable collars with plastic fastex are a long-awaited addition to CoLLaR cotton accesories. Durable collars are extremely comfortable to use and practical to care for. Additional security for the animal is guaranteed by a reflective thread woven into the collar tape and a plastic fastex lock that prevents it from being unfastened.

Benefits:

- Reliable (strong materials)
- Safe (fastex with locking, reflective thread in the tape)
- Wear-resistant (will last a long time)

WAUDOG Nylon cat collar

The owners of small cats will enjoy WAUDOG Nylon collars for cats. Soft and wear-resistant nylon, an elastic insert, a bell for scaring away birds and mice, as well as ID tag with QR passport – all these things make the collar not only nice-looking, comfortable, but also safe.

When scanning the QR code, the person who found the pet gets the phone number of the pet owner, and the owner receives a message with the geolocation of the pet by e-mail.

WAUDOG Nylon harness with leash for cats and small dog breeds

An offer from WAUDOG Nylon for small pets is a set of harness and leash on a board.

Soft nylon accessories with bright trendy designs and high-quality hardware make the products of the range not only functional and durable, but also comfortable for cats and small dog breeds. Each set comes with a smart ID tag with QR code, which gives the pet parents the opportunity to create an electronic passport for their pets.

Benefits:

- Soft nylon
- Wide variety of designs
- Smart ID tag with QR passport

When scanning the QR code, the person who found the pet gets the phone number of the pet owner, and the owner receives a message with the geolocation of the pet by e-mail.

Pet Business
2016
INDUSTRY RECOGNITION AWARD
WINNER

AiryVest is the world's lightest jacket for dogs. Perfect choice for cold spring, dry autumn and mild winter. Due to reversible design, buying one item customer getting a jacket of two colors.

Benefit of the AiryVest:

- Multiseasonal
- Reversible design (2 in 1)
- 7 bright color combinations
- Ultra-lightweight (45 g to 200 g)

AiryVest ONE is a multiseasonal non-reversible jacket with buttons.

Transparent packaging with a hanger is convenient for placement at the trading point.

Benefit of the AiryVest:

- With a hole for a harness
- Adjustable size due to the second row of buttons
- New-generation "Altmicro" insulation
- Machine-washable

AiryVest Lumi are the jackets that glow in the dark!

One of the sides is covered with a special light-accumulating coating, which is charged from natural and artificial light.

Benefit of the AiryVest:

- Multiseasonal
- A pet is well visible in the dark
- Reversible design (2 in 1)
- Ultra-lightweight (45 g to 200 g)

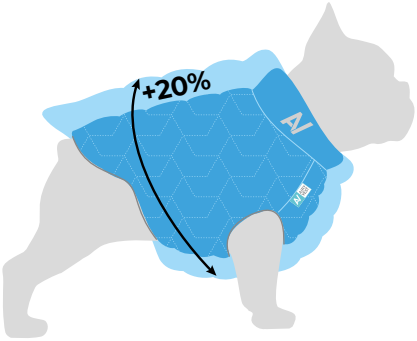
AiryVest UNI are jackets that not only have all the same advantages as the models of the basic range, but also a unique feature: one size fits dogs with different chest and neck circumferences.

The innovative design of UNI jackets allows them to stretch in width and increase in volume up to 20%.

This advantage makes size selection easier, expands the list of recommended breeds and gives the ability to choose clothes even for dogs with nonstandard body parameters.

At the same time, the full size range is reduced by half (6 sizes). This facilitates the placement of jackets at the point of sale (takes less sales area) and reduces the number of returns when selling in online store.



Benefits of the AiryVest UNI jacket:

- Elastic! It increases in volume up to 20%
- Ultra-lightweight
- Stylish design
- Reversible design (2 in 1)
- Easy to put on due to special zipper design (fastens from top to bottom)

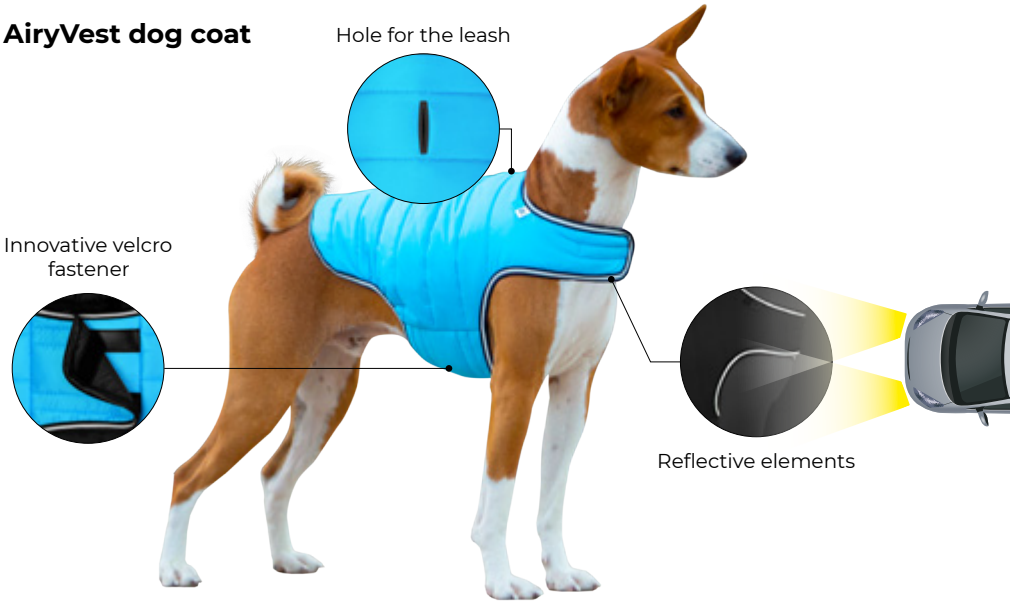
AiryVest dog coat



The coat is soft and warm, it is very easy to put on the dog (it is fastened and adjustable thanks to Velcro). The coat has a simple design. All edges are piped with an elastic band with a reflective strip, which makes a pet more visible in the dark.

Available in 6 colors: green, black, blue, pink, purple, orange.

Innovative velcro fastener that does not stick to animal fur.

Benefits:

- Easy to put on/take off
- Large range of size adjustment
- It makes a pet more visible in the dark

WAUDOG Clothes dog coat

The coat is a perfect option for spring, autumn and winter. It is very easy to put on the dog due to innovative velcro fastener. The coat has a simple design. All edges are piped with an elastic band with a reflective strip, which makes a pet more visible in the dark. Their main feature is eye-catching designs, including patriotic and unique designs approved by NASA and Warner Bros.

Benefits:

- Easy to put on/take off
- Large range of size adjustment
- It makes a pet more visible in the dark.

WAUDOG Clothes dog overalls

Superheroes keep saving the world!

COLLAR Company presents series of the WOW line of DC Comics licensed products! WAUDOG Clothes overalls for dogs with DC Comics graphic on the back. Overalls are presented in 12 sizes and 4 designs. Overall covers the body of the pet and protects from cold, dust and dirt. Velcro fastener is located on the chest.

Benefits:

- Exclusive designs styled as the most popular trend of recent years — DC Comics superheroes
- Soft and water-repellent SOFTSHELL material
- Protects from dust and dirt

About the material:

Softshell is a multilayered fabric. It resembles nylon on the outside, and fleece on the inside. The material is breathable and allows air to circulate.

The fabric is pleasant and soft to the touch. It is able to repel water and dirt, and retains heat well at moderately low temperatures.

WAUDOG Clothes dog T-shirt

WAUDOG Clothes t-shirt — it is a combination of a comfortable cut and a bright design on the back.

Clothes that are in demand all year round!

In winter, add it under a jacket to keep your pet warmer, and when it is warm, use the shirt alone (to protect your pet from dirt or just to showcase its style).

Product benefits:

- Elastic material "scuba", which ensures a good fit of the apparel on the dog's body
- Dust and dirt protection
- The edges are not processed, so they do not rub the pet's skin
- Multi-seasonal

Material benefits:

- Elastic
- Excellent heat retention
- It does not wrinkle (you don't have to iron things from "scuba" fabric)
- Breathable material
- Machine-washable (it can be washed in washing machine)

PULLER is an innovative dog fitness tool which consists of 2 rings. Regular trainings with PULLER solve the problem of lack of physical and emotional activity and help dog owners bond with their pets.

Benefits:

Unique material
Soft and durable. Dogs love it!

The Power of Two
Recommended to use only as a set of two rings.

Absolutely safe
for dog's jaw or teeth

Floats
The rings are immersed in the water only ¼ and are visible from the shore

+ COMIC BOOK

PULLER MICRO

Dog fitness tool

Code	Diameter, cm	Thickness, cm	Weight of 1 ring, g
6489	12,5	1,5	15

For small and decorative dog breeds, as well as puppies weighting up to 5 kg.

Recommended for:

Toy terrier
Chihuahua
Griffon
Spitz
Rabbit dachshund
York
Puppies weighting up to 5 kg.

+ COMIC BOOK

PULLER MINI

Dog fitness tool

Code	Diameter, cm	Thickness, cm	Weight of 1 ring, g
6491	18	2	59

For dogs of small and medium-sized medium breeds weighting from 5 to 15 kg, as well as puppies weighting more than 5 kg.

Recommended for:

Schnauzer
Miniature Pinscher
French bulldog
York
Pug
Dachshund and other small dog breeds

Running

The dog takes turns catching up and bringing the PULLER rings, which helps to increase the intensity of the training and form the skill of fetching the object. If the dog does not want to return the ring to you, show him the second one.

Jumping

During the jump, the dog catches the PULLER. Then the owner hands him the second ring, not letting go of the first. This is how the dog learns to intercept. The exercise develops the dog's attention and reaction.

PULLER MIDI

Dog fitness tool

Code	Diameter, cm	Thickness, cm	Weight of 1 ring, g
6488	19.5	3	110

For medium-sized dogs weighting 10 to 30 kg. Also suitable as an intermediate size for training large breed puppies.

Recommended for:

Scottish terrier
Cocker Spaniel
Border Collie
Fox terrier
Jack Russell Terrier
Beagle
and other
medium-sized dog
breeds

PULLER STANDARD

Dog fitness tool

Code	Diameter, cm	Thickness, cm	Weight of 1 ring, g
6490	28	4	245

For large dog breeds weighting 25 to 50 kg.

Recommended for:

Labrador
Retriever
Pit bull
Malinois
Amstaff
Doberman
and other medium-sized and big dog
breeds

Pulling

In this exciting exercise, the dog takes turns pulling the PULLER rings held by the owner. This activity plays an important role in the dog's development, developing strength and endurance.

Floats

Due to its large size and bright color, PULLER MAXI is highly visible on the water, even in the sea when there are waves. That is why it will be a great choice for active entertainment and water sports

PULLER MAXI

Dog fitness tool

Code	Diameter, cm	Thickness, cm	Weight of 1 ring, g
6492	29	7	585

Recommended for:

Amstaff
Bullterrier
Cane Corso
Mastiff
German shepherd
Great Dane
Newfoundland
Pit bull
and other large dog breeds

One ring of the largest size. The unique shape with a recess inside makes it easy to grip the ring with your hands. It is suitable for training large and giant dog breeds weighing more than 45 kg.

The PULLER MAXI is used for "Hanging" (only with a band, not a cord) and "Swimming" exercises. Also, PULLER MAXI can be used for exercises used with all other two-ring PULLER sets: "Running", "Jumping", "Pulling". In this case, two PULLER MAXI rings must be used. Owners of large dog breeds often use the PULLER STANDARD and PULLER MAXI sets for training for maximum diversification of trainings.

The set of two rings provides the maximum result

Training with two PULLER rings simultaneously:

- Allows you to get your dog efficiently exercised in a short period of time
- Maintains a bond between the dog and the owner
- Allows you to teach the dog to fetch objects
- Teaches a dog to switch from one subject to another

PULLER suspended stand (page 180)

DOG PULLER — is a unique sport for dogs based on exercises with the PULLER fitness tool.

Compared to other sports, DOG PULLER is easy. It does not require additional tools and special training. All you need to participate is a dog, two PULLER rings and a good mood.

The first DOG PULLER Ukrainian Championship took place in 2012.
The first DOG PULLER World Championship took place in Prague in 2018.
The second DOG PULLER World Championship took place in Sopron in 2019.
The Third Online World Championship took place in 2021.
The Fourth World Championship of Dog Puller took place near Wroclaw in 2023.
The championships are held in different countries of the world — from Canada to Japan.

For participation and conducting DOG PULLER championships, please contact us:

LIKER is a ball that has no competitors.

It has combined all the best features, that you won't find in any other ball all at once.

Code	Diameter, cm
6298	5
6294	7
6295	9
NEW 6299	11

LIKER is lightweight!

- Easy to throw. It bounces and rolls.
- You can play with a dog for a long time
- Dog's teeth sink into the material. Dogs enjoy it.

LIKER is floaty!

- It doesn't sink in water and perfectly visible from the shore
- It helps to make water games more diverse

LIKER is absolutely harmless!

- Perfect for dog teeth and gums
- Odorless, free of harmful substances
- No chance to damage windows and interior items

LIKER LINE

Code	Diameter, cm	Tape length, cm
6286	5	35
6287	7	35
6288	9	35

Rubberized band handle

- Convenient for playing tug-of-war
- Safe for hand

LIKER CORD

Code	Diameter, cm	Cord length, cm
6285	5	30
6296	7	30
6297	9	30

Rubberized cord

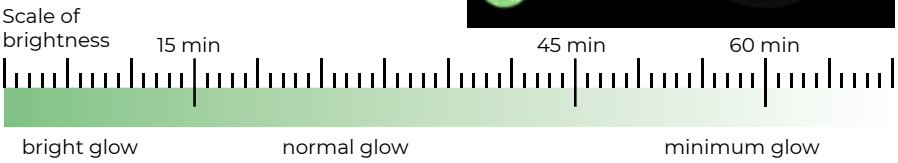
- A dog does not injure the pet parent's hand when grabbing a ball
- The cord does not rub the hand

LIKER LUMI

Code	Diameter, cm	Cord length, cm
6282	5	30
6283	7	30
6284	9	30

Benefits of LIKER LUMII:

- Light-accumulating cord
- It glows up to 60 minutes – you won't lose it!
- Reflective thread



LIKER MAGNET

It is an excellent training tool for the development of concentration, attention and obedience of a dog. It was designed specifically for professional trainers and those who aspire to become them.

The LIKER MAGNET training tool is a set consisting of a ball with a rubberized cord and three hidden magnets. Thanks to the magnets, you can fasten the ball anywhere on the clothes.

Code	Diameter, cm	Cord length, cm
6290	7	30
6291	9	30

Benefits of LIKER MAGNET:

- Reliable fixation and easy removal of the ball
- Various training scenarios
- Training following through selfmotivation
- There is no need to take the treat out of pocket
- A trainer is always in the center of the dog's attention

Flyber is the world's first double-sided flying disk, with a unique shape and material.

Code	Diameter, cm
62175	22

The first double-sided flying disk

It flies when you throw it both on one side and on the other. At the same time, the flight path changes – this contributes to a fun game with the dog.

Easy to pick up

Due to the special shape a dog can easily pick up FLYBER from the ground.

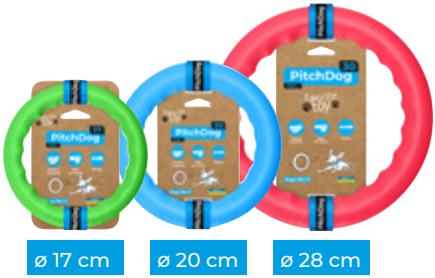
Unique material — dogs love it!

Lightweight, yet durable. It is perfectly safe for dogs' teeth and jaws.

Floating

Flyber stays on the surface of the water and is well seen from the shore.

Favorite toy



PitchDog ring — is a multipurpose dog toy made of a unique material for playing together.

WAUDOG Fun light-accumulating ball

Another novelty from WAUDOG Fun is a ball made of thermoplastic rubber that glows in the dark. An excellent offer for playing with the dog in the fresh air at any time of the day.

The ball charges from natural/artificial light for 30 minutes and remains visible in the dark for an hour.

A special hole in which you can put your pet's favorite treats will allow the animal to relax after active games.

Benefits:

- Strong and non-toxic material
- Glows in the dark
- Hole for treats

WAUDOG Relax dog bed with removable cover

The dog's bed mattress is made of recycled polyurethane foam, which always keeps its shape and does not deform under the pet's weight. Ticks and other parasites do not breed in this material. So pet will be able to rest peacefully without harm to health.

The removable cover is made of wear resistant and pleasant to the touch oxford fabric, which is easy to wash and clean from hair. This allows you to reduce the time of care for the bed, while bright designs will add some coziness to your home. The bottom of the cover is waterproof and does not slide on the floor. Availability of different sizes of dog beds will help you choose the appropriate option depending on the size of the pet. A great offer for the customers will be to purchase additional cover and change them as they wish.

Complete set: mattress, cover

S 55x40x6 cm

M 80x55x6 cm

L 100x70x6 cm

Benefits:

- A wide range on a minimal retail space
- Removable designer covers (10 unique designs)
- Possibility to sell several covers separately

WAUDOG Family waist bag with replaceable pocket

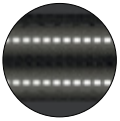
COLLAR Company makes not only pets happy, but also their owners.

A waist bag for treats and accessories will be your must-have when walking the dog. The bag has 3 pockets, each of which has a specific function. You can put all the necessary things in them: keys, phone, treats, poop bags, a leash or a muzzle. Each item in the pockets stays in its place, and greasy treats do not soil other stuff.

Due to buttons, you can change removable pocket. Fans of Batman or Superman can choose new pocket from bright licensed designs styled as DC Comics. Removable pockets are available as a separate item.

Benefits:

- Exclusive and trendy design in Superheroes style (DC Comics)
- Removable pocket
- Bag strap with reflective thread



Size: 33x17x10 cm
Girth: 92-140 cm

The bag has 3 pockets (2 with a zipper and 1 with snap buttons).

First pocket

Perfect for small things that you may need while walking (phone, keys, money, etc.).

Second pocket

is for food and treats. The special coating prevents the absorption of grease and unpleasant odors, it is quickly and easily cleaned with a damp sponge.

Third pocket

Can be removed with buttons. Convenient to use for placing pet accessories and poop bags.

TelePet — carriers and modular houses made of three-layer environmentally friendly cardboard

They fold up conveniently for storage at the point of sale and are a great offer for customers looking for a budget option.

TelePet cardboard carry-box

Code	Dimensions, cm	In the package, pcs
9070	45x22x43	5

Benefits:

- Easy and practical to use
- Durable: thickened handles and bottom
- Safe: specially designed locks do not let the animal to get out of the carrier on its own
- Compact in storage
- Easy to fold: illustrated instructions on the package

TelePet modular cat house

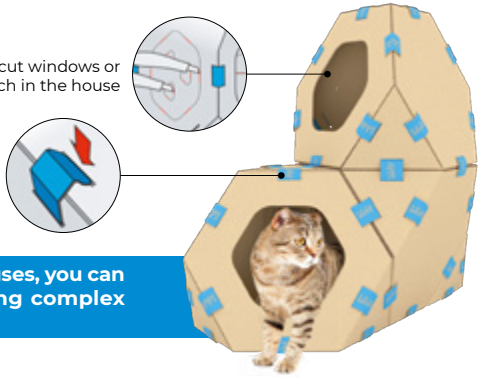
Code	Dimensions, cm	In the package, pcs
9072	40x44x36	3

Benefits of TelePet modular houses:

- Original design
- Easy to assemble (instructions in pictures attached)
- Lightweight and durable design
- Possibility to combine houses together
- Cats like them

If you want, cut windows or a hatch in the house

The scheme of fastening the locks of the house



By combining 3-4 houses, you can make a whole playing complex for a cat.

THE HERO THAT FIGHTS ODOR

SuperCat is a brand of natural litters for cat.

Wood and corn litters are made from high-quality, ecologically clean raw materials of soft wood and corn grain, respectively. Due to this, they do not contain mineral dust that is dangerous for the respiratory tract of animals and people. This allows you to use litters for kittens without fear that the pet will accidentally taste the pellets.

SuperCat pellets consist of many components with strict adherence to proportions and technological norms at all stages of production. This has a positive effect on the main qualities of the litters, such as: the ability to completely absorb odors, absorb moisture. Used litter may be used as fertiliser

A wide range of products designed for customers with different needs and income levels will allow each customer to find their superhero.

Silent aquarium compressor aPUMP USB

Designed to supply aquarium water with the vital element — oxygen. It is used with any 5 V power supply unit with a USB output from a smartphone or tablet, or a power bank in the event of a power outage. Due to low power consumption, the compressor can work for a long time from a power bank (more than a day from a power bank with a capacity of 10000 mA).

- The noise level does not exceed 35 dB
- Low power consumption
- Works from a power bank when there is no power in the power grid

Can be powered from a power bank

Specifications

Parameter	aPUMP USB
Code	7910
Power, W	1,5

WAUDOG Silicone series

Made of food-grade silicone, the pet feeding bowl is completely safe for animals and easy to clean (including in the dishwasher). Also, products from the WAUDOG Silicone series are very compact and ideal for traveling and walking. Colors in assortment.

Benefits:

- Made of food-grade silicone
- Compact and functional design
- Easy care: dishwasher safe

WAUDOG Silicone bottle cap pet drinker

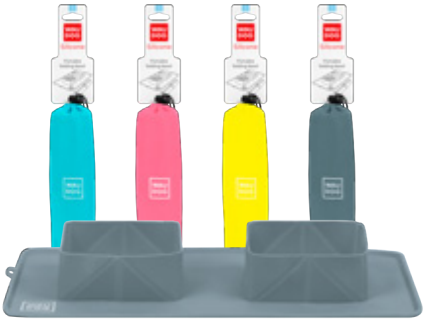
Code	Size, mm
5077*	165x90

Specially designed for watering pets. The nozzle is universal and compactly placed on PET bottles. Very light. It is ideal for daily walks.

WAUDOG Silicone no splash water bowl

Code	Volume, ml
5078*	750
5079*	1000

The design of the bowl prevents water or food from spilling out. It is compactly folded and takes up little space. Presented in two sizes - 0.75 and 1 l. In individual corrugated cardboard packaging. Ideal for traveling by car.



WAUDOG Silicone Portable folding bowl

Code	Size, mm
5080*	385x230x50

Two bowls on the mat will allow you to feed and water your pet. The folding bowl is very compact, as it is rolled into a roll and has a convenient transport package — a nylon cover.

WAUDOG Silicone bowl

Code	Volume, ml
5081*	250

Designed for feeding and watering cats and small breeds of dogs. The bowl is light and compact. Ideal for both daily use and travel.
