MAKING PETS AND PEOPLE HAPPY

Making pets and people happy

1995

The history of COLLAR company has begun in 1995. Today, it is a world-renowned pet products manufacturer with more than 500 employees. It all started 29 years ago, when the company's founder, Yuriy Sinitsa, designed a leather collar for his own dog.

Over a quarter of a century, a team of 3 people who worked in a two-room apartment and manufactured a couple of products a day has turned to a large modern company that produces hundreds of thousands of products on a regular basis.

We are present in more than 70 countries, and this geography is constantly expanding.

In the spirit of our motto, INNOVATIONS ONLY, we have launched unique products: the most durable leash EVOLUTOR, the lightest jacket AiryVest, LED light for marine and freshwater aquariums AquaLighter, the quietest and smallest aquarium compressor aPUMP, wooden cat litter SuperCat and many more.

The constant desire to move forward and strive to produce high-quality products led to the designing of new range of premium pet accessories – WAUDOG Design, WAUDOG Nylon and WAUDOG Re-cotton.

PULLER, unique fitness tool for dogs, is gaining more and more popularity, leading to appearance of a new sport, DOG PULLER.

COLLAR Company has 17 international patents in different countries of the world.

During 2024, COLLAR Company introduced a range of new products. The most notable among them was the emergence of a new own brand WAUCAT. The brand's first series featured interactive cat toys WAUCAT Fun Melodic equipped with built-in sound chips. A new collection of pet accessories and clothing with trendy designs was also released, quickly becoming a bestseller. Among them, the leopard print gained particular popularity, as it meets all global fashion trends and serving as the perfect choice for stylish pet owners. The clothing line was updated with a highly expected addition — a raincoat by WAUDOG Clothes.

The rapid growth of the popularity of our products is also facilitated by partnerships with such companies as NASA and Warner Bros., whose visual identity and heroes are used in the licensed designs of our products and have a steady demand in Europe, Asia and America.

WAUDOG Nylon Mono!

The accessories are made of durable and high-quality materials, which guarantees reliability and durability. Due to its vibrant design featuring a soft gradient of color running along the ribbon. The accessories will certainly become a bestseller in any pet store.

For those dog owners who care about the safety of their pets there is a reflective thread in the material and a glow-in-the-dark fastener on the buckle. This makes our novelty an ideal product for long walks in the dark.

Benefits:

· Classic minimalist design (most popular colors)
· Reflective and glow-in-the-dark elements
· QR pet tag included
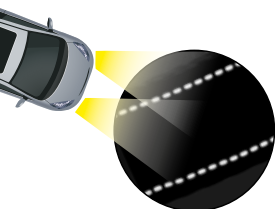

Reflective thread

Light-accumulating fastener

WAUDOG Nylon Recycled

Collars, leashes, and harnesses with a bright "Gradient" design, made from recycled polyester, known in the international community as rPET. This material is produced by recycling plastic bottles. Such production requires much fewer resources than manufacturing new fibers, creates fewer CO_2 emissions, and also helps reduce the amount of waste in landfills. Accessories made from recycled plastic is not only a reliable and safe choice for dogs but also a great option for environmentally conscious consumers.

WAUDOG Nylon anatomical harness

Perfect fit and maximum comfort due to the special H-shape. The harness is designed in such a way that when the leash is pulled, the animal's airways are not squeezed. It has 2 D-rings for the leash (upper and lower), which allows you to distribute physical load on a dog's musculoskeletal system.

Nylon

WAUDOG Nylon harness with handle

The main feature of this harness is that it can be quickly removed and put on. This makes it comfortable for the owner to use and for the dog to wear. After a one-time fit, it can be easily put on and removed over a head and fastened with one movement. The soft lining reduces the pressure on the dog's chest, and reflective elements make walks at night safer. The handle allows pet parent to hold his pet when needed, which is very convenient for using public transport.

WAUDOG Nylon muzzle

WAUDOG Nylon muzzle is made of breathable elastic fabric. It allows the animal to feel comfortable even when wearing the product for a long time.Thanks to the bright designs that have already become the hallmark of WAUDOG, the muzzle is perfectly combined with the brand's pet accessories and apparel. We also kept our main criterion, functionality, in mind. Durable straps made of wear-resistant nylon and plastic fastex ensure the reliability and safety of the product.

New WAUDOG Waterproof reflective series!

WAUDOG Waterproof series is made of innovative material COLLARTEX, which was developed by COLLAR Company. The main benefits of this material are strength, softness and resistance to moisture. The band has abrasion-resistant reflective strip in the center. The range is available in 2 colors. Due to the combination of COLLARTEX with high-quality and stylish hardware, these pet accessories can withstand a load up to 300 kg.

COLLARTEX

Innovative combined material developed by COLLAR Company. It consists of inner reinforcing layer, which bears the main load, and outer polymer shell that is pleasant to the touch. Despite the unprecedented durability, the material is very light, which allows you to significantly reduce the weight of pet accessories and make it more convenient to use.

Benefits:

- Reflective strip increases the visibility of the dog in the dark more than 10 times
- Smart ID tag with QR passport
- Resistant to water and dirt

WAUDOG LED dog collar with lighting

WAUDOG LED is not just a stylish thing, but also a reliable accessory for keeping your pet safe in low-light conditions. The collar is equipped with a magnetic closure and a silicone retainer, making it easy to put on and take off.

Three different sizes of the collar allow you to choose the ideal option for dogs of different breeds and sizes, providing them

maximum comfort.

More than 90% of the surface of the collar glows in a bright and cozy green color, which is clearly visible from a long distance, ensuring maximum visibility of your pet in the dark, so it is the main accessory for safe evening walks.

Benefits:

· 3 lighting modes
· Convenient fastener
· High visibility

NEW

WAUDOG R-leash with container for waste bags

New WAUDOG R-leash retractable leashes with a container for waste bags are the best offer for responsible pet owners! A convenient built-in container in the leash allows to always have hygiene bags on hand for cleaning up after pet. Thanks to a special opening, the bags can be easily removed, so you don't need to carry extra accessories or search for them in your bag. This practical solution makes walks more comfortable and helps to keep cleanliness with minimal effort.

WAUDOG waste bags are 100% biodegradable and absolutely safe for the environment.

Now it is very easy to clean up after your pet during a walk: you just need to remember to replace the roll when it runs out.

Collar.com

COLLAR Company introduces a revolutionary product that will change the way you think about dog accessories — **THE MOST DURABLE EVOLUTOR COLLARS & LEASHES** with Global Lifetime Warranty!*

EVOLUTOR — innovation in every detail!

Innovative hardware

- Hook buckle on the collar can be put on and taken off in one movement
- The buckle has a spot for laser engraving
- Aerospace aluminum alloy withstands a load up to 500 kg / 1100lbs

Innovative material COLLARTEX

- Inner reinforcing layer can withstand a load up to 500 kg / 1100lbs
- Pleasant to the touch cover is waterrepellent and is easy to wash

Innovative details

- Pet accessories are stitched with Kevlar thread to eliminate weak points of the design and to increase the service life.

*We are confident in the unprecedented durability of our product. Contact us if you face any functionality issues with a leash, and we will replace it FOR FREE.

📞 0 800 300-104 – toll free

GLOBAL LIFETIME WARRANTY

COLLARTEX

Innovative combined material developed by COLLAR Company. It consists of inner reinforcing layer, which bears the main load, and outer polymer shell that is pleasant to the touch. Despite the unprecedented durability, the material is very light, which allows you to significantly reduce the weight of pet accessories and make it more convenient to use.

Collar for dogs
"CoLLaR Canvas"

Adjustable collars with plastic fastex are a long-awaited addition to CoLLaR cotton accesories. Durable collars are extremely comfortable to use and practical to care for. Additional security for the animal is guaranteed by a reflective thread woven into the collar tape and a plastic fastex lock that prevents it from being unfastened.

Benefits:

· Reliable (strong materials)
· Safe (fastex with locking, reflective thread in the tape)
· Wear-resistant (will last a long time)

WAUDOG Nylon cat collar

The owners of small cats will enjoy WAUDOG Nylon collars for cats. Soft and wear-resistant nylon, an elastic insert, a bell for scaring away birds and mice, as well as ID tag with QR passport – all these things make the collar not only nice-looking, comfortable, but also safe.

Benefits:

· QR pet tag included

· Elastic insert: allows a cat to get free, preventing injury.

· A bell: scaring away birds and mice

AiryVest is the world's lightest jacket for dogs. Perfect choice for cold spring, dry autumn and mild winter. Due to reversible design, buying one item customer getting a jacket of two colors.

Benefit of the AiryVest:
· Multiseasonal
· Reversible design (2 in 1)
· 6 bright color combinations
· Ultra-lightweight (45 g to 200 g)

AiryVest ONE is a multiseasonal non-reversible jacket with buttons.

Transparent packaging with a hanger is convenient for placement at the trading point.

Benefit of the AiryVest:
· With a hole for a harness
· Adjustable size due to the second row of buttons
· New-generation "Altmicro" insulation
· Machine-washable

AiryVest Lumi are the jackets that glow in the dark!

One of the sides is covered with a special light-accumulating coating, which is charged from natural and artificial light.

Benefit of the AiryVest:
· Multiseasonal
· A pet is well visible in the dark
· Reversible design (2 in 1)
· Ultra-lightweight (45 g to 200 g)

Glows in the dark

COLLAR VEST (page 193)

AiryVest UNI are jackets that not only have all the same advantages as the models of the basic range, but also a unique feature: one size fits dogs with different chest and neck circumferences.

The innovative design of UNI jackets allows them to stretch in width and increase in volume up to 20%.

This advantage makes size selection easier, expands the list of recommended breeds and gives the ability to choose clothes even for dogs with nonstandard body parameters.

At the same time, the full size range is reduced by half (6 sizes). This facilitates the placement of jackets at the point of sale (takes less sales area) and reduces the number of returns when selling in online store.
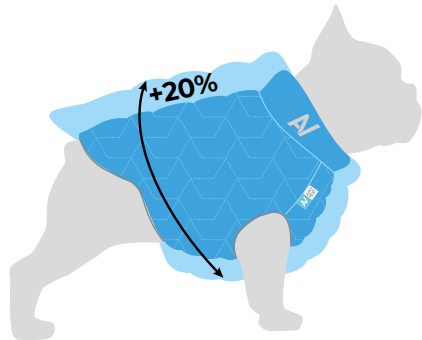

Benefits of the AiryVest UNI jacket:

· Elastic! It increases in volume up to 20%
· Ultra-lightweight
· Stylish design
· Reversible design (2 in 1)
· Easy to put on due to special zipper design (fastens from top to bottom)

AiryVest dog coat

Hole for the leash

Innovative velcro fastener

Reflective elements
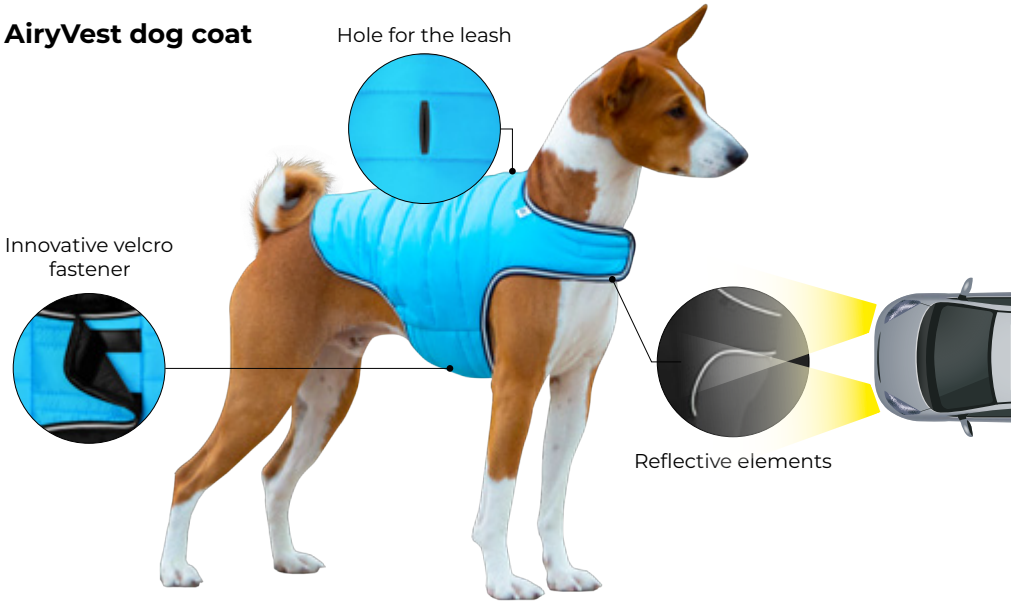

The coat is soft and warm, it is very easy to put on the dog (it is fastened and adjustable thanks to Velcro). The coat has a simple design. All edges are piped with an elastic band with a reflective strip, which makes a pet more visible in the dark.

Available in 6 colors: green, black, blue, pink, purple, orange.

Innovative velcro fastener that does not stick to animal fur.

Benefits:

· Easy to put on/take off
· Large range of size adjustment
· It makes a pet more visible in the dark

WAUDOG Clothes dog coat

Hole for the leash

Reflective elements

Innovative velcro fastener

The coat is a perfect option for spring, autumn and winter. It is very easy to put on the dog due to innovative velcro fastener. The coat has a simple design. All edges are piped with an elastic band with a reflective strip, which makes a pet more visible in the dark. Their main feature is eye-catching designs, including patriotic and unique designs approved by NASA and Warner Bros.

Benefits:

· Easy to put on/take off
· Large range of size adjustment
· It makes a pet more visible in the dark.

WAUDOG Clothes dog overalls

Water repellent material softshell

Velcro fastener

Superheroes keep saving the world!

COLLAR Company presents series of the WOW line of DC Comics licensed products! WAUDOG Clothes overalls for dogs with DC Comics graphic on the back. Overalls are presented in 12 sizes and 4 designs. Overall covers the body of the pet and protects from cold, dust and dirt. Velcro fastener is located on the chest.

Benefits:

· Exclusive designs styled as the most popular trend of recent years — DC Comics superheroes
· Soft and water-repellent SOFTSHELL material
· Protects from dust and dirt

About the material:

Softshell is a multilayered fabric. It resembles nylon on the outside, and fleece on the inside. The material is breathable and allows air to circulate.

The fabric is pleasant and soft to the touch. It is able to repel water and dirt, and retains heat well at moderately low temperatures.

WAUDOG Clothes dog T-shirt

WAUDOG Clothes t-shirt — it is a combination of a comfortable cut and a bright design on the back.

Clothes that are in demand all year round!

In winter, add it under a jacket to keep your pet warmer, and when it is warm, use the shirt alone (to protect your pet from dirt or just to showcase its style).

Product benefits:

· Elastic material "scuba", which ensures a good fit of the apparel on the dog's body
· Dust and dirt protection
· The edges are not processed, so they do not rub the pet's skin
· Multi-seasonal

Material benefits:

· Elastic
· Excellent heat retention
· It does not wrinkle (you don't have to iron things from "scuba" fabric)
· Breathable material
· Machine-washable (it can be washed in washing machine)

PULLER
DOG FITNESS TOOL

PULLER is an innovative dog fitness tool which consists of 2 rings. Regular trainings with PULLER solve the problem of lack of physical and emotional activity and help dog owners bond with their pets.

Benefits:

Unique material
Soft and durable. Dogs love it!

The Power of Two
Recommended to use only as a set of two rings.

Absolutely safe
for dog's jaw or teeth
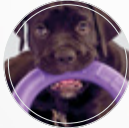

Floats
The rings are immersed in the water only ¼ and are visible from the shore

+ COMIC BOOK

+ COMIC BOOK
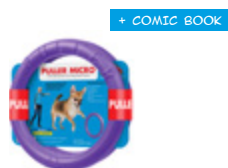

PULLER MICRO

Dog fitness tool

Code	Diameter, cm	Thickness, cm	Weight of 1 ring, g
6489	12,5	1,5	15

For small and decorative dog breeds, as well as puppies weighting up to 5 kg.

Recommended for:

Toy terrier
Chihuahua
Griffon
Spitz

Rabbit dachshund
York
Puppies weighting up to 5 kg.

PULLER MINI

Dog fitness tool

Code	Diameter, cm	Thickness, cm	Weight of 1 ring, g
6491	18	2	59

For dogs of small and medium-sized medium breeds weighting from 5 to 15 kg, as well as puppies weighting more than 5 kg.

Recommended for:

Schnauzer
Miniature Pinscher
French bulldog
York
Pug

Dachshund and other small dog breeds

Running

The dog takes turns catching up and bringing the PULLER rings, which helps to increase the intensity of the training and form the skill of fetching the object. If the dog does not want to return the ring to you, show him the second one.

Jumping

During the jump, the dog catches the PULLER. Then the owner hands him the second ring, not letting go of the first. This is how the dog learns to intercept. The exercise develops the dog's attention and reaction.

+ COMIC BOOK

+ COMIC BOOK

PULLER MIDI
Dog fitness tool

Code	Diameter, cm	Thickness, cm	Weight of 1 ring, g
6488	19.5	3	110

For medium-sized dogs weighting 10 to 30 kg. Also suitable as an intermediate size for training large breed puppies.

Recommended for:

Scottish terrier
Cocker Spaniel
Border Collie
Fox terrier
Jack Russell Terrier

Beagle
and other
medium-sized dog
breeds

PULLER STANDARD
Dog fitness tool

Code	Diameter, cm	Thickness, cm	Weight of 1 ring, g
6490	28	4	245

For large dog breeds weighting 25 to 50 kg.

Recommended for:

Labrador Retriever
Pit bull
Malinois
Amstaff

Doberman
and other medium-sized and big dog
breeds

Pulling

In this exciting exercise, the dog takes turns pulling the PULLER rings held by the owner. This activity plays an important role in the dog's development, developing strength and endurance.

Floats

Due to its large size and bright color, PULLER MAXI is highly visible on the water, even in the sea when there are waves. That is why it will be a great choice for active entertainment and water sports

121

+ COMIC BOOK

PULLER MAXI

Dog fitness tool

Code	Diameter, cm	Thickness, cm	Weight of 1 ring, g
6492	29	7	585

Recommended for:

Amstaff
Bullterrier
Cane Corso Mastiff
German shepherd
Great Dane

Newfoundland
Pit bull
and other large dog breeds

One ring of the largest size. The unique shape with a recess inside makes it easy to grip the ring with your hands. It is suitable for training large and giant dog breeds weighing more than 45 kg.

The PULLER MAXI is used for "Hanging" (only with a band, not a cord) and "Swimming" exercises. Also, PULLER MAXI can be used for exercises used with all other two-ring PULLER sets: "Running", "Jumping", "Pulling". In this case, two PULLER MAXI rings must be used. Owners of large dog breeds often use the PULLER STANDARD and PULLER MAXI sets for training for maximum diversification of trainings.

The set of two rings provides the maximum result

Training with two PULLER rings simultaneously:

· Allows you to get your dog efficiently exercised in a short period of time
· Maintains a bond between the dog and the owner
· Allows you to teach the dog to fetch objects
· Teaches a dog to switch from one subject to another

Promotional materials

Trade equipment

PULLER suspended stand (page 196)

DOG PULLER — is a unique sport for dogs based on exercises with the PULLER fitness tool.

Compared to other sports, DOG PULLER is easy. It does not require additional tools and special training. All you need to participate is a dog, two PULLER rings and a good mood.

The first DOG PULLER Ukrainian Championship took place in 2012.
The first DOG PULLER World Championship took place in Prague in 2018.
The second DOG PULLER World Championship took place in Sopron in 2019.
The Third Online World Championship took place in 2021.
The Fourth World Championship of Dog Puller took place near Wroclaw in 2023.
The championships are held in different countries of the world — from Canada to Japan.

For participation and conducting DOG PULLER championships, please contact us:

Fun

NEW

WAUDOG Fun Natural dog toys made of biodegradable rubber

Motivational toys in the form of a ring, ball, and stick. They stimulate the dog's curiosity and promote its emotional and behavioral development. The series of toys for dogs is made of biodegradable rubber, which is confirmed by the US Department of Agriculture (USDA). Thanks to the holes in the toys, you can hide treats and wet food, which makes them even more attractive to your pet. The durable and resistant rubber will serve your pet for a long time.

Benefits:

· Biodegradable
· Durable
· Have holes for treats

WAUDOG Fun toy for dogs with squeaker

Bright designs and various sizes. Simple and functional at the same time. These toys match all needs of dogs and their owners. Sound of squeakers inside a toy instantly awakens dog interest and stimulates it to play. A special handle will help the owner to take part in games with his pet.

Benefits:

- **Fabric.** Outer material is a wear-resistant fabric that is easy to clean and hard to bite through
- **Filler.** Hypoallergenic filler where ticks and other parasites do not breed
- **Additional "pros".** Additional features such as squeakers and a practical handle made of recycled cotton

WAUDOG Fun
light-accumulating ball

Another novelty from WAUDOG Fun is a ball made of thermoplastic rubber that glows in the dark. An excellent offer for playing with the dog in the fresh air at any time of the day.

The ball charges from natural/artificial light for 30 minutes and remains visible in the dark for an hour.

A special hole in which you can put your pet's favorite treats will allow the animal to relax after active games.

Benefits:

· Strong and non-toxic material
· Glows in the dark
· Hole for treats

COLLAR Company presents the first toys for cats from the WAUCAT Fun Melodic series, featuring a sound chip.

The toys in this series are available in two designs: a mouse and a bird. Each toy is equipped with a sound chip that produces realistic natural sounds — either a mouse squeaking or a bird chirping. These sounds mimic real animal noises, capturing the cat's attention and stimulating their hunting instincts. The toys not only provide entertainment but also promote physical activity and mental development in cats.

Benefits:

· Increases the cat's physical activity
· Reduces stress
· Stimulates natural instinct

COLLAR Company presents cat toys from the WAUCAT Fun series!

The toy line includes two types: teaser toys with catnip and balls with catnip and matatabi. Bells attract attention and awaken hunting instincts. Catnip stimulates cats activity, helps relieve stress, and improves their mood. Matatabi calms cats, stimulates appetite, and promotes dental cleaning. Teaser toys help owners strengthen their bond with their pets through interactive play. Thanks to their shape and unique components, the balls will keep cats entertained for a long time.

Benefits:

· Increase the cat's physical activity
· Stimulate natural instincts
· Reduce stress

NEW

WAUCAT Fun Teaser

WAUCAT Fun Teaser toys are available in four variations, suitable for different types of play, both for independent fun and active interaction with the owner.

WAUCAT Fun Teasers allow for active interaction with pet. These toys help engage the animal in play, stimulating physical activity and development. They also strengthen the bond between the cat and its owner, bringing joy to both.

The WAUCAT Fun Teaser with suction cup combines a toy for both joint and independent play. It can be used as a wand or attached to a smooth surface, encouraging the cat to play actively without the owner's participation, satisfying its natural instincts and need for activity.

Benefits:

· Stimulates the cat's physical activity
· Combined materials that encourage play
· High-quality materials

WAUDOG Relax dog bed with removable cover

The dog's bed mattress is made of recycled polyurethane foam, which always keeps its shape and does not deform under the pet's weight. Ticks and other parasites do not breed in this material. So pet will be able to rest peacefully without harm to health.

The removable cover is made of wear resistant and pleasant to the touch oxford fabric, which is easy to wash and clean from hair. This allows you to reduce the time of care for the bed, while bright designs will add some coziness to your home. The bottom of the cover is waterproof and does not slide on the floor. Availability of different sizes of dog beds will help you choose the appropriate option depending on the size of the pet. A great offer for the customers will be to purchase additional cover and change them as they wish.

Complete set: mattress, cover

WAUDOG Family waist bag with replaceable pocket

COLLAR Company makes not only pets happy, but also their owners.

A waist bag for treats and accessories will be your must-have when walking the dog. The bag has 3 pockets, each of which has a specific function. You can put all the necessary things in them: keys, phone, treats, poop bags, a leash or a muzzle. Each item in the pockets stays in its place, and greasy treats do not soil other stuff.

Benefits:

· Functional design
· Capacious yet compact
· Bag strap with reflective thread
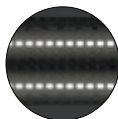

Size: 33x17x10 cm
Girth: 92-140 cm

The bag has 3 pockets (2 with a zipper and 1 with snap buttons).

First pocket

Perfect for small things that you may need while walking (phone, keys, money, etc.).

Second pocket

is for food and treats. The special coating prevents the absorption of grease and unpleasant odors, it is quickly and easily cleaned with a damp sponge.

Third pocket

Can be removed with buttons. Convenient to use for placing pet accessories and poop bags.

THE HERO THAT FIGHTS ODOR

SuperCat®

SuperCat is a brand of natural litters for cat.

Wood and corn litters are made from high-quality, ecologically clean raw materials of soft wood and corn grain, respectively. Due to this, they do not contain mineral dust that is dangerous for the respiratory tract of animals and people. This allows you to use litters for kittens without fear that the pet will accidentally taste the pellets.

SuperCat pellets consist of many components with strict adherence to proportions and technological norms at all stages of production. This has a positive effect on the main qualities of the litters, such as: the ability to completely absorb odors, absorb moisture. Used litter may be used as fertiliser

A wide range of products designed for customers with different needs and income levels will allow each customer to find their superhero.

AquaLighter — aquarium comes alive!

The catalog contains Aqualighter products developed and manufactured by COLLAR Company, involving the latest developments in the aquarium industry. Each product has unique properties and compares favorably with other manufacturers in the world market:

· the most silent aquarium air pump in the world;

· innovative LED lamps (from easy-to-use to professional ones, which allows you to control the color temperature and spectrum independently);

· heater with a durable frame and minimalistic look;

· aquarium sets with optimally selected accessories;

· each device meets the requirements of operation and maintenance in the conditions of extreme humidity;

· every product is created to be attractive and functional, matching any interior.

Innovative products by COLLAR Company are highly appreciated by the expert at prestigious international exhibitions, as well as recognized by aquarists in Europe, America, and Asia.

Silent aquarium compressor aPUMP USB

Designed to supply aquarium water with the vital element — oxygen. It is used with any 5 V power supply unit with a USB output from a smartphone or tablet, or a power bank in the event of a power outage. Due to low power consumption, the compressor can work for a long time from a power bank (more than a day from a power bank with a capacity of 10000 mA).

· The noise level does not exceed 35 dB
· Low power consumption
· Works from a power bank when there is no power in the power grid

Can be powered from a power bank

For cooling of the freshwater and marine aquariums up to 100 L

aFAN

aFAN Pro

aFAN cooling fan is designed for effective cooling of aquariums, as well as for air circulation in terrariums of any type.

- Efficient cooling despite the small size
- The fan is mounted to the outer wall of the aquarium for preventing aFAN from early failure due to humidity and corrosion
- It has two speeds: standard and high
- It can be mounted on the aquariums with wall thickness up to 8 mm

- It can be powered via USB connector
- PRO model is equipped with a thermostat and allows to adjust fan's operation in automatic mode. On a casing there is a control knob which allows setting a temperature for fan's automatic switch on/off within a range of 20°C to 30°C

Specifications

Magnetic scraper aCLEANER for aquariums with a glass thickness of up to 10 mm

aCLEANER — effective and mild glass cleaning from various types of algae and bacterial growths.

- Effectively cleans walls of an aquarium due to strong neodymium magnets
- Suitable for freshwater and marine aquariums

- The inner part of the scraper has a square shape, to increase the area of effective cleaning — up to aquarium seams. The outer part is equipped with a convenient folding handle
- The inner part of the scraper does not sink in water

aFARM

Ready solution for combining an aquarium and a plant farm.

Aquarium set
AQUAPONIC SET

aFARM AQUAPONIC SET, 13 L is an aquarium with an additional trendy aquaponic set. This set gives the opportunity not only to contain freshwater aquarium, but also to grow moisture-loving ornamental plants or seedlings. Water level, required for using aquaponics set is regulated by the shape of an aquarium. Slanted walls do not allow water to rise too high.

Set includes:

1. Aquarium 250x250x250 mm — 13 L
2. Plastic pallet holder
3. Filter, 4 W, IP 68
4. Submersible LED lamp 4 W, 6500K, IP X8
5. Power supply unit, 12 V/1 A
6. Polyurethane mat
7. Adhesive plastic cable retainer — 2 pcs.
8. Manual

Benefits:

· Ready-made solution for quick start a freshwater aquarium with an aquaponics farm.

· Innovative glass aquarium with beveled walls designed especially for the installation of the farm.

· Direct manufacturer's warranty covering all parts of the product — 2 years.
